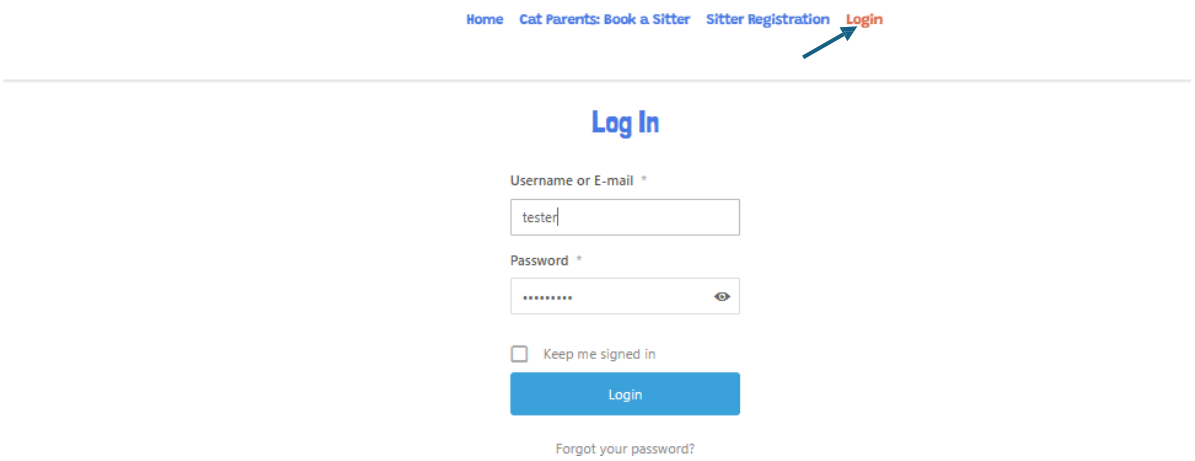
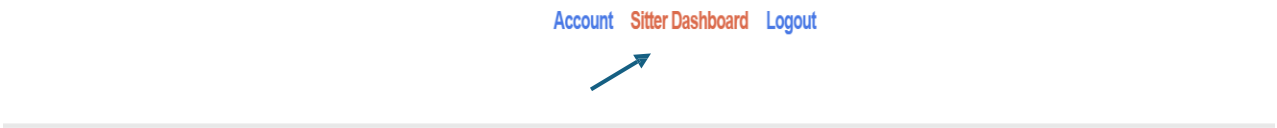
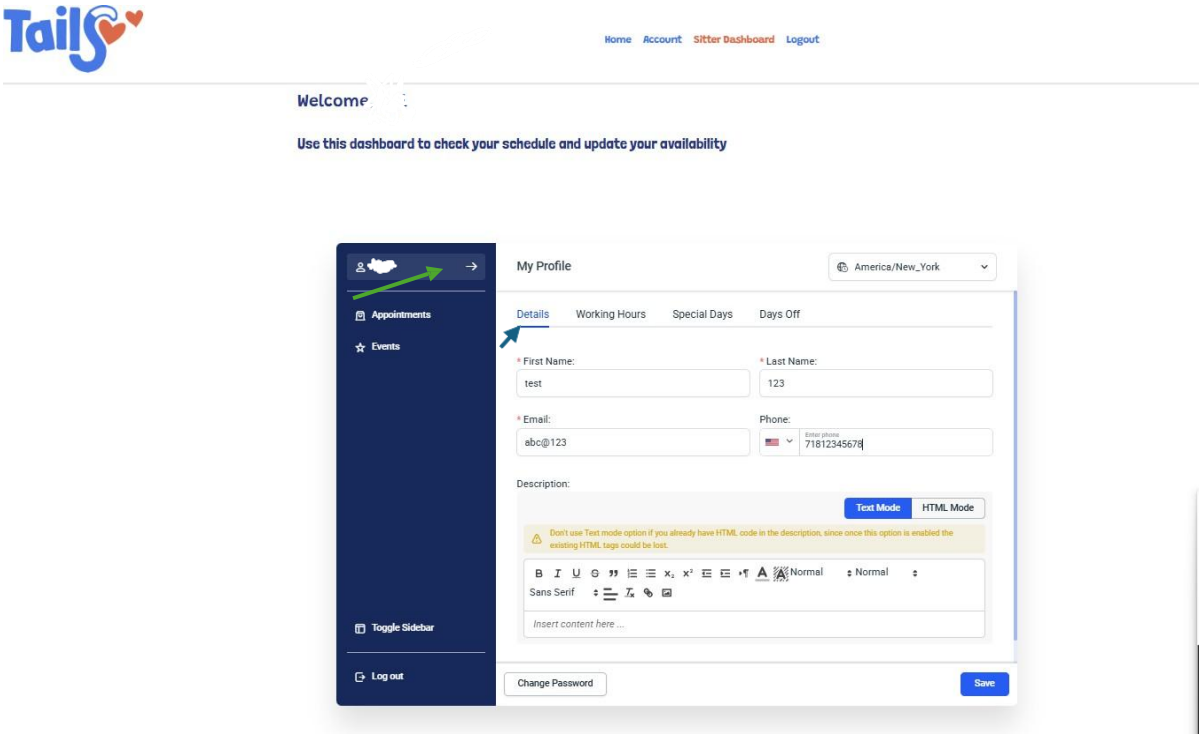
- Go to www.felinetails.com
- Click Login at the top right
- Enter the username and password we sent you
- Click Sitter Dashboard to open your sitter tools





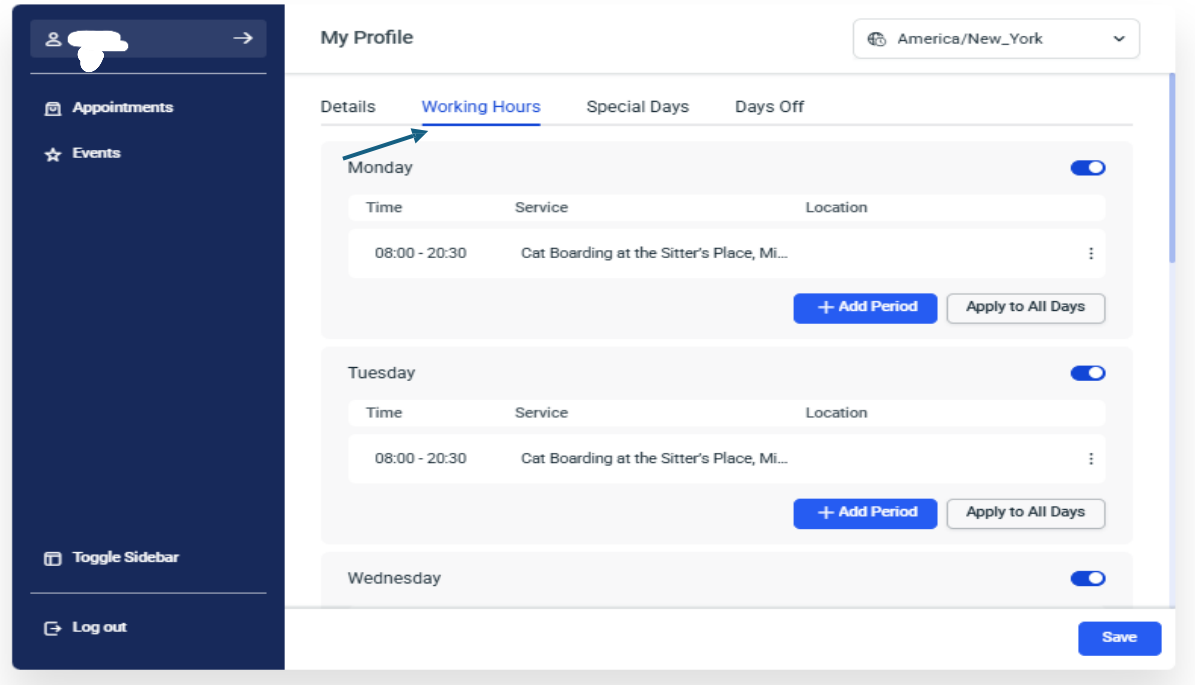
🟦 Profile Details

- Edit your name, email, and phone
- Add a short description about yourself
- Keep your info accurate
- Click **Save** when done



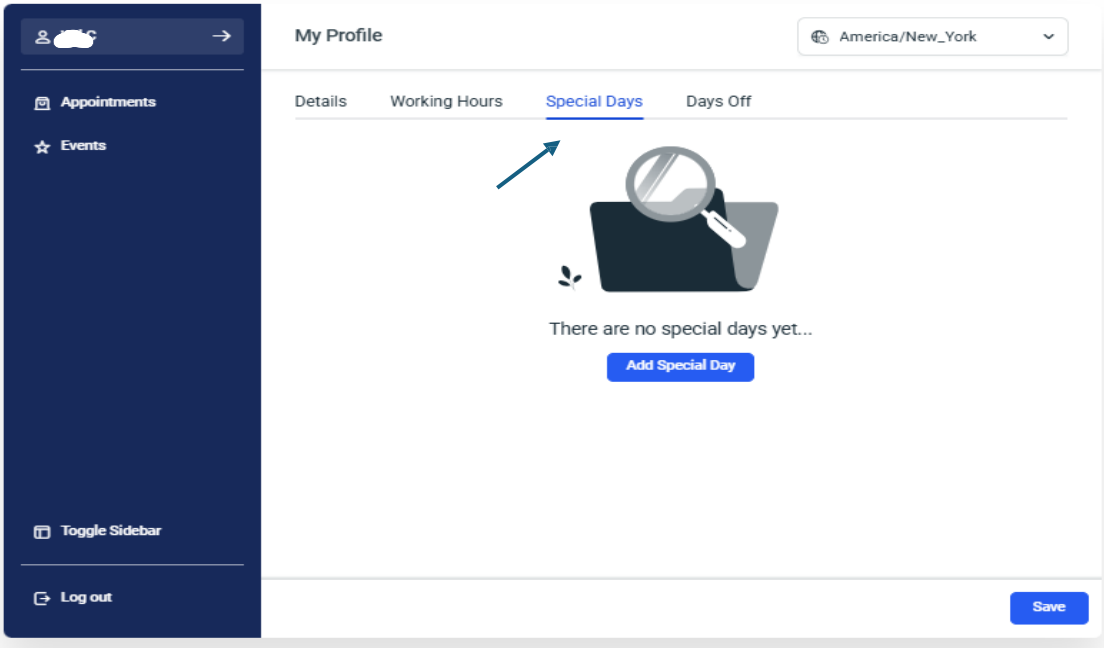
Working Hours

- Turn each day **on/off**
- Set the time you can work
- Add more time periods if needed
- Apply hours to all days (optional)
- Click **Save** to update



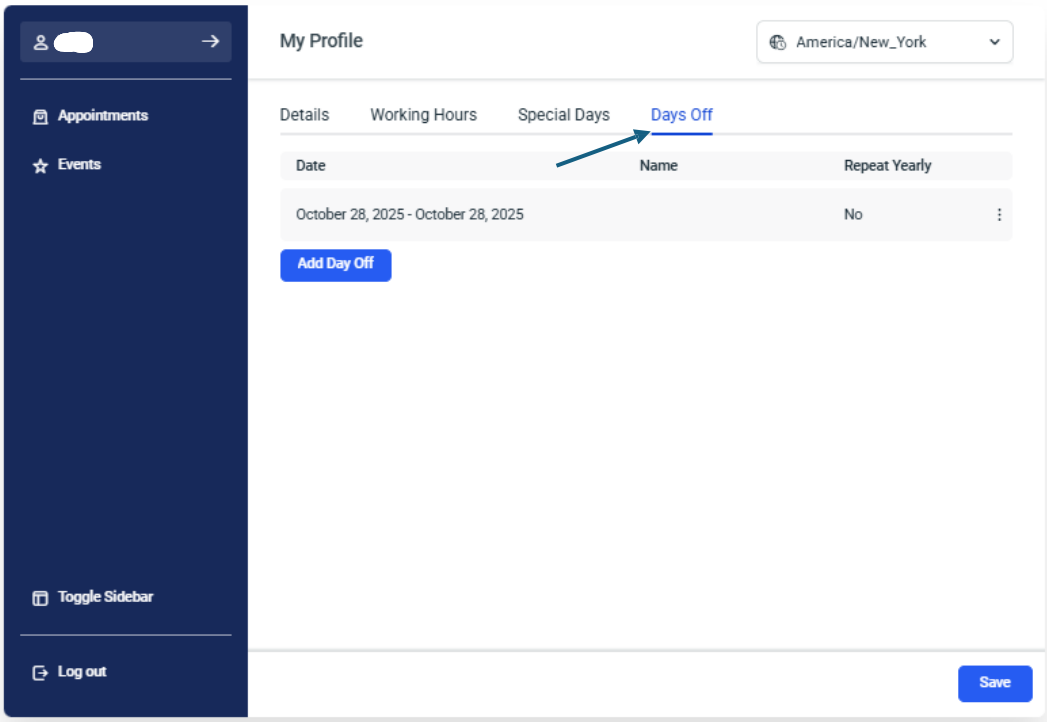
Special Days

- Add special availability for one-time dates
- Useful for holidays or unique schedule changes
- Does NOT change your regular weekly hours



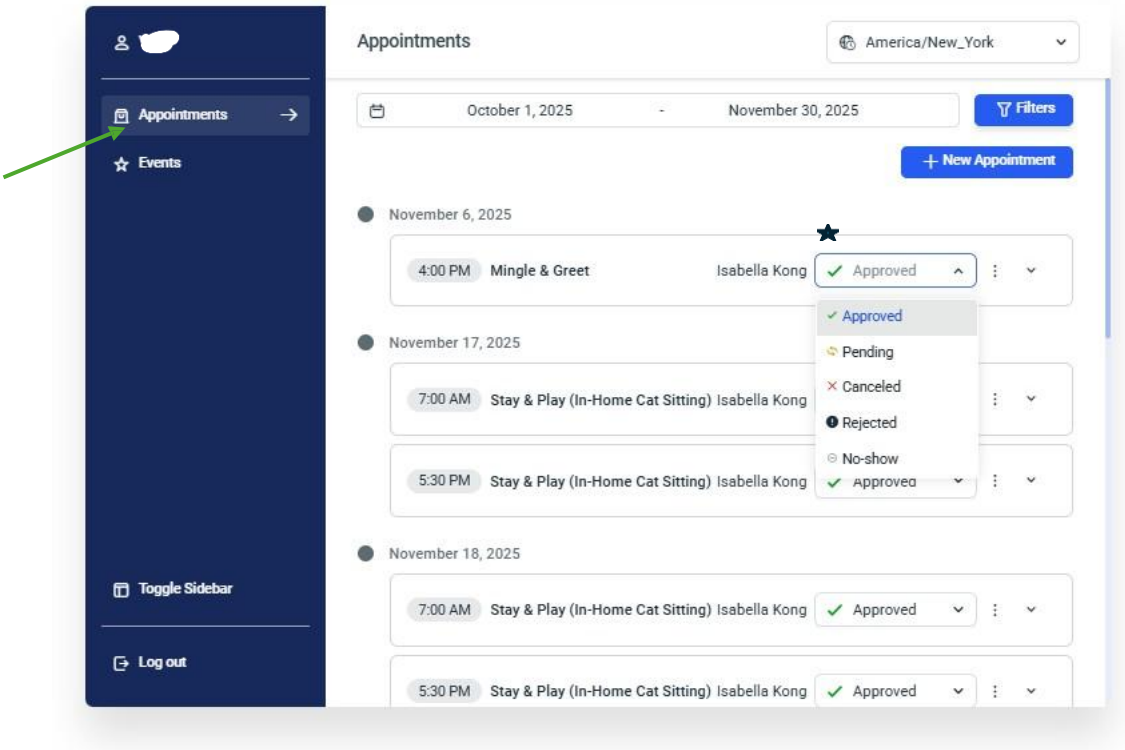
Days Off

- Add days you are **not available**
- Block time off for vacations or breaks
- Choose one day or a date range
- Option to repeat yearly



Appointments

- See all your bookings
- Update the booking status: Approved, Pending, Canceled, Rejected, No-show
- View appointment times and client details
- Keep your status updated for accurate scheduling



Google Calendar Integration (Recommended):

Connecting your Google Calendar helps keep your availability accurate and prevents scheduling conflicts.

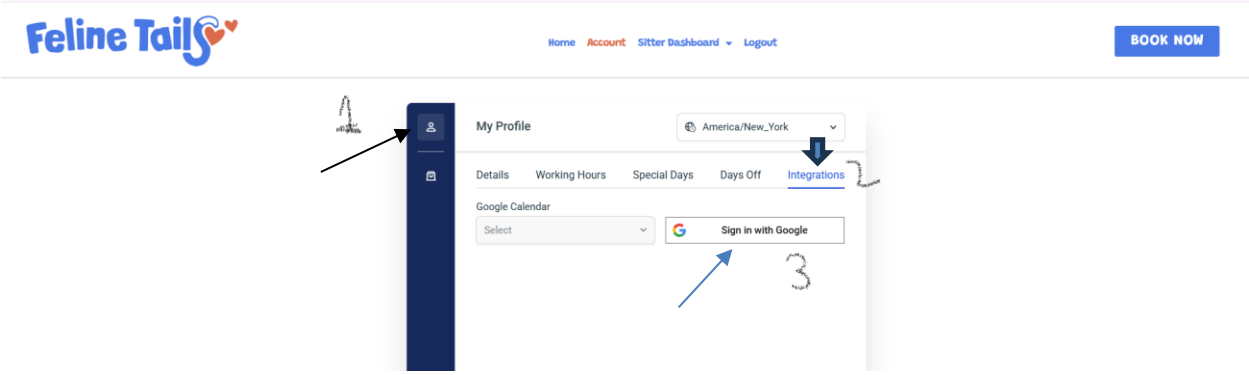
- Sync your Google Calendar to keep your availability up to date
- Personal events automatically block unavailable times
- Prevents double bookings and missed appointments
- Helps owners book you only when you're truly available

Recommended: Connect your calendar for smoother scheduling and fewer conflicts.

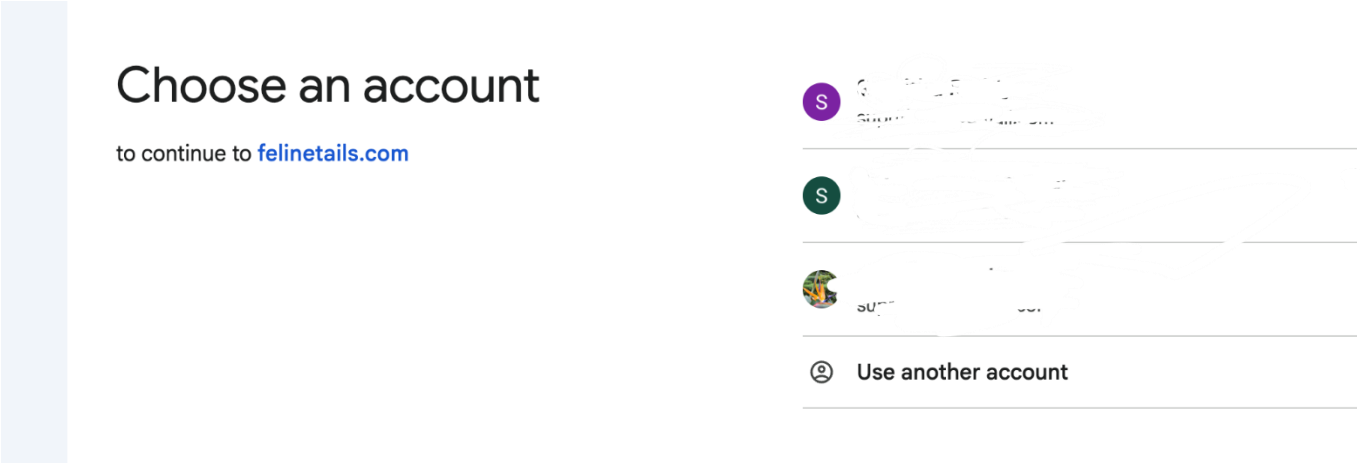
📧 **Need help? Email customersupport@felinetails.com**

Step 1: Open Calendar Integrations

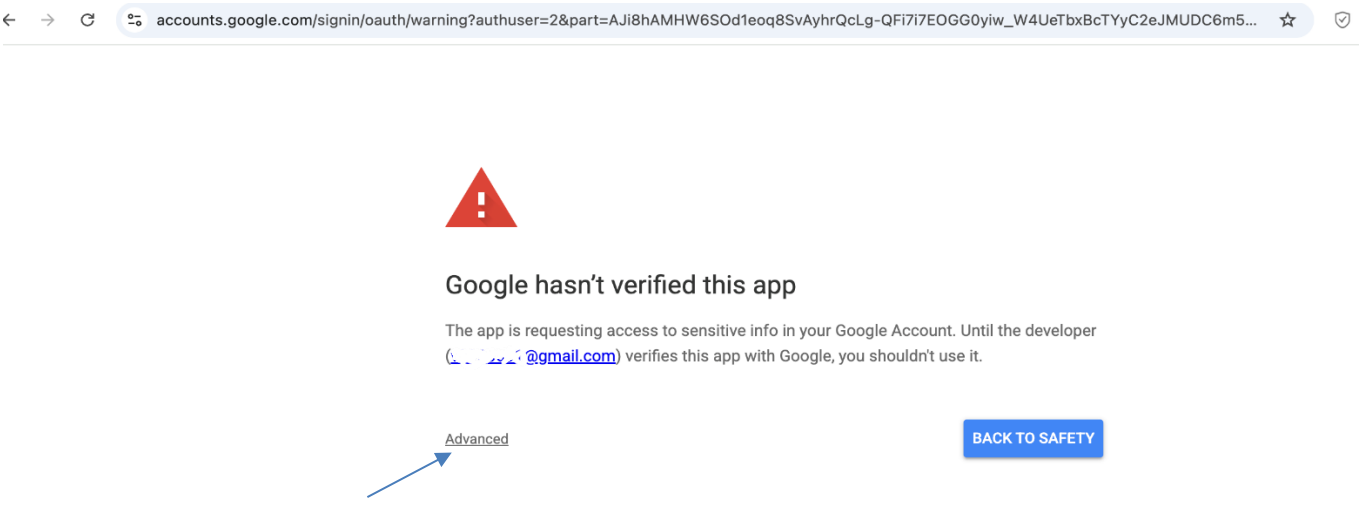
1. From your **Sitter Dashboard**, click **My Profile**.
2. Select the **Integrations** tab.
3. Under **Google Calendar**, click **Sign in with Google**.



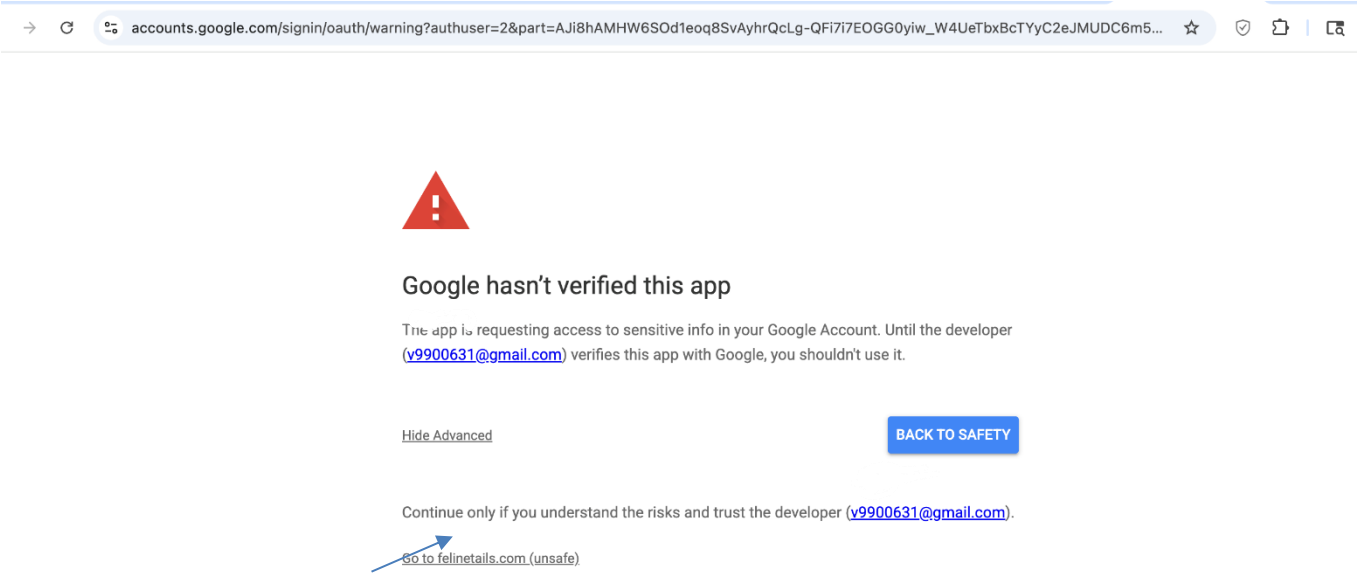
Step 2: Select the email you used to log in to your sitter account.



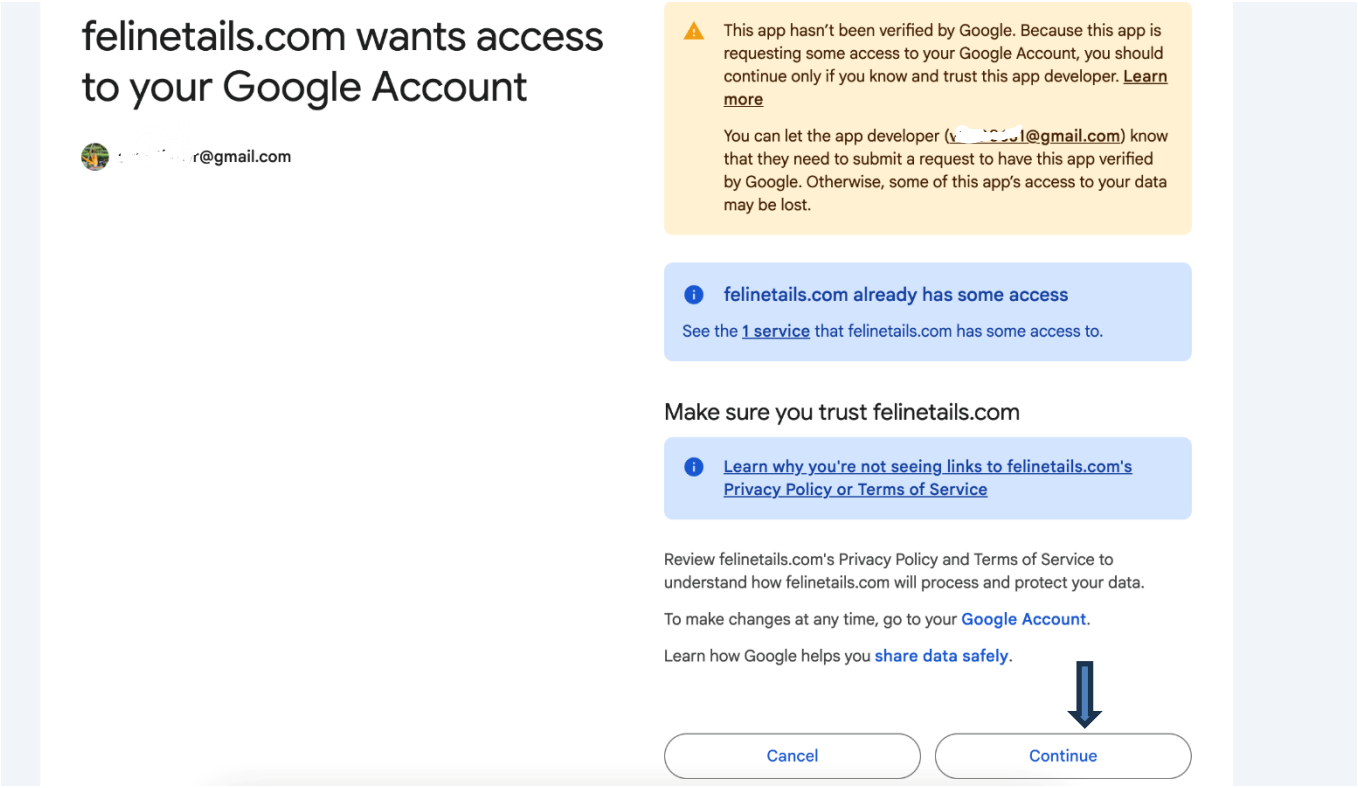
Step 3: Click on Advanced



Step 4: click on Go to felinetails.com



Step 5: Click Continue to finish connecting your calendar.



Step 6: Your calendar is now connected and syncing automatically
